InSheepnia

Count your sheep. Steal theirs. Fall asleep first.

2–8 players | 10–15 mins | Ages 8+

The goal

Your secret **bed card** says how many sheep you need (8, 9, 10 or 11). Be the first to hold **exactly** that many, announce it, and you fall asleep and win.

Setup

1. **Check the corner symbols** on the sheep cards and take out any your group is too small for:

   Cloud = 3+ **Star = 5+** **Moon = 7+**

Players	Take out
2	Cloud, Star and Moon cards
3–4	Star and Moon cards
5–6	Moon cards
7–8	Nothing, use them all

2. Deal each player one **bed card** face down. Peek, keep it secret. Spares go back unseen.
3. Shuffle the main deck into the middle. Everyone starts with **no cards**.
4. Whoever went to bed last last night goes first. Play goes clockwise.

Your turn: do one thing

- **Draw** the top card, **or**
- **Play** one power or modifier card, **or**
- **Announce** that you're falling asleep.

Hand limit 7. More than 7 at the end of your turn? Discard down to 7.

Warm Milk can be played any time to block a card that affects you. It only protects you and doesn't use your turn.

Counting

- Only **1, 2 and 3 Sheep** in your hand count.
- A **Black Sheep** counts as −1.
- **Sheep needed** = your bed card ± the modifiers in your bed (never below 1).
- **Nothing stacks:** a bed holds one of each card.
- Too many sheep? You're not out. Shear some off or discard down.

Winning

On your turn, announce and reveal your hand and bed card.

- **Exactly right:** sweet dreams, you win!
- **Not quite:** false alarm! Every other player takes one random card from you. (Younger kids: skip this.)

House rules

Restless Night (best with 3+): modifiers stack, so a bed can hold two Insomnias.

No Escape (harder): Black Sheep can never be discarded. Only Shear or a thief can get rid of it.
